

# COVID-19 FAQs FOR SUPPLIERS

## **Q: What is the guidance for suppliers visiting L3Harris offices?**

**A:** We are closely monitoring and responding to the evolving COVID-19 situation. We have taken several preventative safety actions for our employees, including temporarily restricting visitor access to company sites. Please contact the site well in advance of your intended visit to verify whether the visit will be approved.

## **Q: Has the company changed the way it accepts deliveries?**

**A:** Because of our diverse supply chain products, our protocols vary by location. We encourage you to check with your L3Harris Supply Chain contact.

## **Q: What is the risk assessment questionnaire?**

**A:** We have a broad and diverse supply chain and are in regular contact with our suppliers to understand current and potential future impacts. To maintain the continued success of customer programs, we are working with all L3Harris suppliers to complete a COVID-19 Supply Risk Assessment. We want to have up-to-date performance and schedule information that is necessary for L3Harris to properly assess the overall status of a given program to keep our stakeholders informed.

## **Q: Who can I contact with specific supplier questions?**

**A:** Please check with your L3Harris supply chain contact or send an email to [supplychain@l3harris.com](mailto:supplychain@l3harris.com) and someone from our supply chain team will respond back to you.
